

Annual Report
2020

*re-imagining our
healing community*

Dear Friends,

This past year has impacted all of us in large and small ways that we may not understand for years to come. The same is true for CORE El Centro.

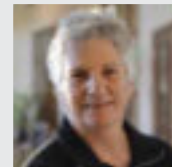

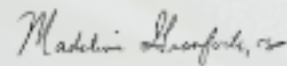

In the pages ahead you will see the profound commitment of our staff and the ways that they chose to stay connected with our clients even amid personal and communal chaos. You will see how CORE El Centro adapted, responded and re-imagined what is possible when healing, wholeness and transformation are at the core of our work.

Although this year has been unbelievably difficult, CORE El Centro was able to weather the storm. The support of you, our donors, has been breathtaking and incredibly inspiring. You called us to offer your financial support; you attended our virtual fundraisers; and you found ways to offer words of encouragement when we were struggling to find our way. We are grateful beyond words.

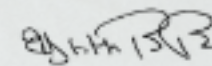

It has become clear to us that CORE El Centro is more than a non-profit. We are a community committed to healing, wholeness and transformation. In the year ahead we will be exploring the values, elements and principles needed to be an authentic, healing, and whole community.

Please stay tuned because our journey is not over; it has just begun.

With deep gratitude and overwhelming joy, we say thank you.

Madeline Gianforte, CSA
Executive Director

Elizabeth Bruderle-Baran
Board President

A Year of “Firsts”

Just few of the new experiences of 2020 that we are proud of:

- 
- January:** Our first Program Director joins the team!
 - March:** CORE El Centro staff hold its first online meeting to begin adapting.
 - April:** CORE El Centro holds its first virtual fundraiser
 - June:** Our CSA boxes, tea, and honey become available for curbside pick-up and we hold our first online cooking class.
 - August:** Mujeres con Poder put their first recycling boxes in Kosciuszko Park.
 - September:** Mujeres con Poder attend their first outdoor Crime & Safety meeting with Milwaukee Police.
 - October:** Mujeres con Poder give their first presentation and meet with the captain of Milwaukee Police District 2.
 - December:** We hold our first online herbalism class.

Health Navigation

Health Navigators at CORE El Centro are the first to meet with new clients, helping to teach more about wellness and prevention and doing a whole person wellness assessment.

During the pandemic when our doors were closed CORE El Centro was able to stay connected to our community thanks to our dedicated team of Health Navigators. They made phone calls to clients, checking in. During a time of extreme isolation, sometimes a single phone call from a trusted person can make a big difference! The Health Navigators at CORE El Centro proved this. They went above and beyond, helping to connect people to whatever resources they might need during a difficult time including things like access to technology, rent assistance and food pantries.

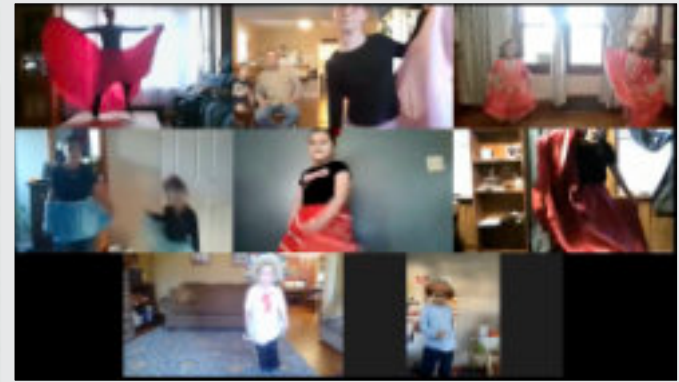

Going Virtual...

Parent Support

In April of 2020, CORE El Centro began Parent Support Groups in Spanish and English to create a space for parents to connect and leave feeling better, stronger and refreshed.

Leaders Deb Selm and Aidee Huerta took a mindful, pro-active approach by offering breathwork, meditation, and conversations about a variety of topics such as health, Ayurveda, and mindful parenting. They even had parent spa day!

This program has continued in 2021 with expanded discussion topics and guest speakers, and we can't wait to see where it leads next! One parent, Adriana, who is a regular in the Parent Support Group had this to say about it: "Without it, I would be lost as a parent in the midst of a pandemic"

Movement

Movement is a big part of healing and wellness at CORE El Centro. In March when folks could no longer come to the movement studio, we brought the studio into their homes via Zoom! We were able to offer yoga and stretching in both languages to adults as well as family and kids' classes in dance, yoga, and many other activities online!

Kids' Camp

CORE El Centro has a Kids' Camp every summer. With our doors closed in 2020, our Children's Wellness manager had to get creative! She was able to provide families with a fun and engaging Virtual Kids' Camp!

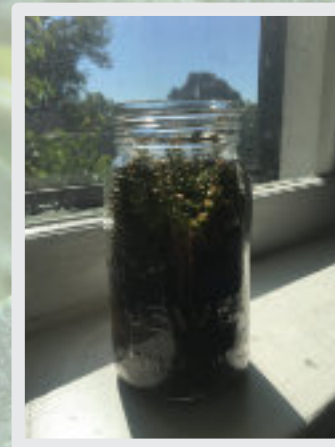

The Camp had 4 different focus areas:

Capoeira - Capoeira is an Afro-Brazilian martial art that combines elements of dance, acrobatics, and music! Teacher Gilberto Bustamante guided the campers through this kid approved and loved practice.

Cultural Dance - A new dance adventure was started each week with cultural dance teachers Alejandra Jimenez and Savannah Saldana Schumaker. Campers got the chance to explore different dance styles each week: Aztec, Mexican Folklore, Polynesian, and Cumbia.

Kids in the Garden - Campers learned about bees, honey, making sun tea, planting veggies, and got to make their own jar terrariums!

Kids in the Kitchen - Parents and campers picked up ingredient boxes from CORE, they cooked healthy recipes and got to decorate their very own aprons!

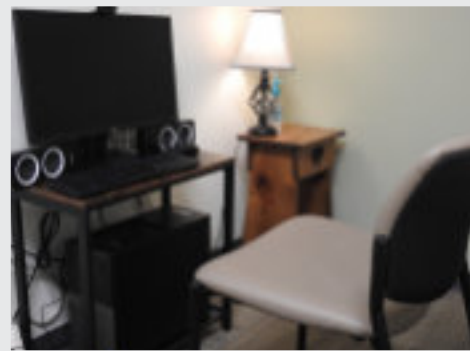

Therapeutic Services

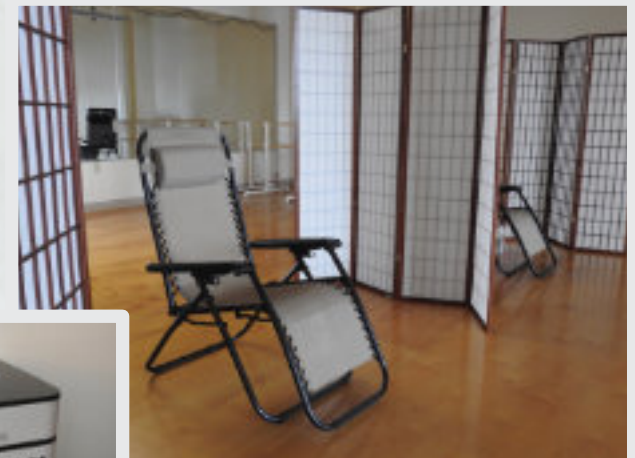

Prior to March 2020, CORE El Centro was offering 120 appointments per week at our Bruce Street and Sojourner locations. A new grant allowed us to provide services free of charge to victims of crime, and we began to target this area of need and track the amazing results.

In March, we closed our physical clinic and offices for three months. The team quickly assembled to re-design our services and offer three therapies via Zoom: spiritual companionship, wellness consultations, and distance energy work. During this time, we were also able to implement new, efficient administrative tools including electronic charting.

We reopened our physical clinic spaces in June at approximately 12% of our regular capacity and with new safety protocols. Online services continued, and we were able to again offer acupuncture, massage, and energy work in person over the rest of the year.

On Fridays, the Movement Studio became a semi-communal acupuncture space to treat several individuals at a time with a simple 5-point acupuncture protocol called NADA (National Acupuncture Detoxification Association), which targets the nervous system and emotional centers. With this new treatment, we were able to respond to the heightened stress in the community and continue the work of healing trauma.

As the year went on, we saw many challenges such as limited appointments and long wait lists. Through it all, lives were transformed. People found healing. We stayed connected.

Gratitude

A special thanks to **Pat Bogenschuetz** for 17 years of amazing service to the mission of CORE El Centro. Pat retired from her role as the Development Director (and into a volunteer role) at the end of 2020. Her work has transformed CORE El Centro!

CORE El Centro is grateful for our partnership with **Shalem Healing**. Shalem is a non-profit health clinic offering affordable, integrative and holistic health care in Milwaukee. Shalem provided access to COVID-19 testing for our entire staff throughout the pandemic. This was an invaluable service. Our practitioners and all staff had access to weekly safe and reliable COVID-19 testing. This allowed us to open our doors more safely!

Remembering Teresa

In October, 2020, **Teresa Contreras** and her husband, **Luis**, passed away in a tragic car accident.

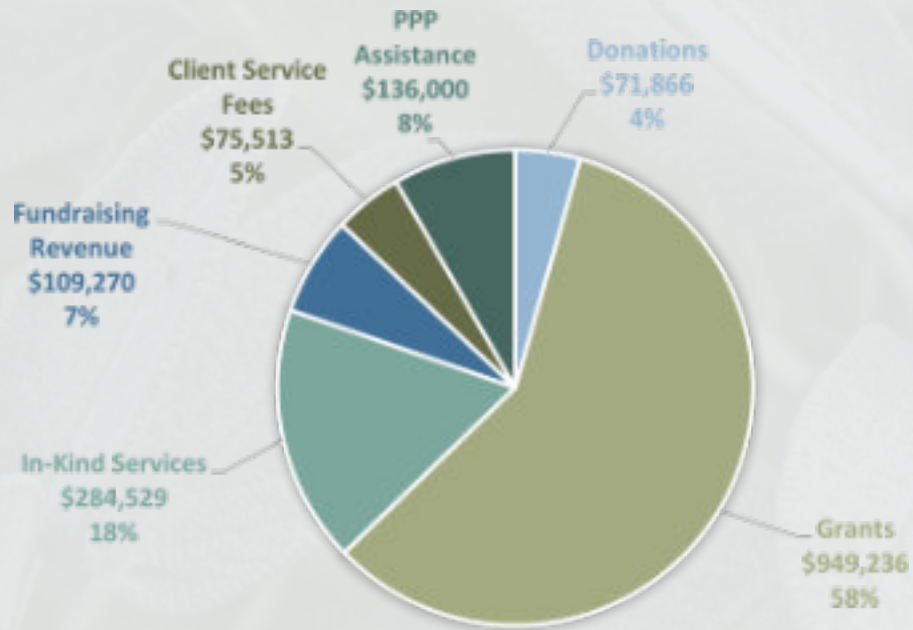

Teresa brought many programs to life over the 16 years she worked with CORE El Centro -- including Children's Wellness, Zumba, and Mujeres Con Poder.

We remember her humor, joy, and inspirational passion for helping others. We will forever hold Teresa, her husband, and their entire family in our hearts, thoughts, and prayers.

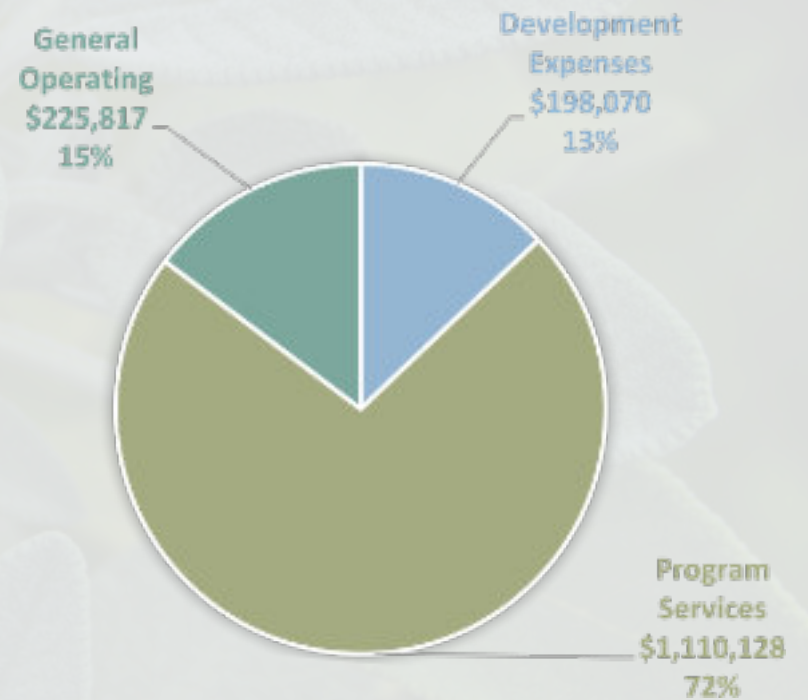

2020 Financial Highlights

Total revenue = \$1,626,014

Total expenses = \$1,534,015

Thank you to our donors!

GRATEFUL

Words can hardly express our gratitude. This time of COVID has been incredibly challenging and deeply inspiring. We have been gifted with the unrelenting commitment of our staff, volunteers, donors and clients. All of you inspired us with your generosity, words of encouragement, creativity and honesty. CORE is a stronger organization because of each of you. From the bottom of our hearts we say "THANK YOU".
